

Oatridge College

100 kWp Solar PV System

Project Overview

The small, specialist land-based College installed 204 PV panels on the roof of its main teaching block to generate electricity. The project, producing 50kW of power, was so successful a further 50 kWp system was installed at the Campus on the Scottish Equestrian Centre. Installed in 2011 the systems were some of the first major Solar PV installations to come on-stream in the Scottish educational sector.

Technical Overview

Client	Oatridge College
Array Size	2 x 50kWp 408 Panels
Performance	92,820 kWh / yr
CO₂ Savings	41.3 Tonnes / yr

AES Solar offers extensive experience with solar systems for both domestic and business clients. Established in 1979, let us power you up!
